FOUNDATION**

THE ONLINE MEDICAL FOUNDATION COURSE

The Online Medical Foundation Course is an intensive science programme designed for students who wish to enter a Faculty of Medicine or Dentistry (or other medical fields) within the EU.

The programme focuses on preparation for learning in higher education and builds a platform for integrated clinical sciences.

This includes a fully online course counting as year zero of an undergraduate degree programme.

The course is delivered by Abbey College - a specialist pathway provider that has run the course since 1989.

The Online Medical Foundation Course is suitable for:

- Students who do not meet the criteria for direct entry into the first year of a medical dentistry degree
- Students with lower A Level grades than expected; students who are unable to study to a sufficient level in their own country for direct entry to a medical degree programme
- Students who have previously been unsuccessful in their medical entrance exams and not met university requirements
- Students who are changing between academic fields
- Mature learners returning to education

UNIVERSITY DESTINATIONS IN THE EUROPEAN UNION:

- Charles University (First + Second Faculty - Prague)
- Masaryk University (Brno, Czech Republic)
- Charles University (Hradec Kralove - Hradec Czech Republic)
- Palacky University (Olomouc - Czech Republic)
- Debrecen University (Debrecen, Hungary)
- Riga Stradins University (Riga, Latvia)
- Lithuanian University of Health Sciences (Kaunas, Lithuania)
